The Rev. Thomas Williams, is lying seriously ill with the flux. It is thought, however, that he may recover.

We are informed by our physicians, that there is, at the present time, comparatively little sickness in this vicinity.

John Doug Esq., late with Linck & Farquhar, has engaged in the mercantile business at Mt. Carmel. Success to you friend Deets.

Died.—In Brookville, on Tuesday the 10th inst., Kate, daughter of F. O. and M. A. Baker, aged three years, seven months and fourteen days.

C. F. Clarkson, Esq., is expected to visit Brookville soon. He will meet with a cordial welcome by many of his old friends and acquaintances.

"Horticulturalist" will receive attention next week. The articles from this correspondent, which appear almost every week are highly interesting.

The Decatur Democrat is about to suspend for want of patronage. We are sorry for this as the Democrats merit the support of its party if any person does.

The recent rains have brought out the corn exceedingly, in this region of the country. Farmers who had almost despaired, think they will now have pretty good crops.

Dr. J. R. Goodwin has postponed starting on his western tour, until the first of September. Persons having business to transact would do well to see him previous to that time.

MADIES.—On Tuesday evening, August 10, by Rev. R. B. Abbott, Mr. Daniel Errett of Laurel, to Mrs. Hannah Glade, of this place.

John R. Cooley, Esq., who has been laboring under a severe and protracted illness, we are pleased to learn, is fast recovering, and we trust will soon be able to be seen on our streets again.

Persons in want of Posters, Hand Bills, Cards or anything in the way of Job Printing, may rely on having them done in a neat and expeditious manner, at this office, and at reasonable prices.

"Agricola" has come to light again and favors us with another spry communication for to-day's paper. He has cooled down considerably since the last. He is a trump.

Any person who may have picked up a pair of silver framed spectacles, on the morning of the 11th inst., between the Postoffice and Linck & Farquhar's store, will be suitably rewarded by leaving them at this office.

The two dollars due us for the morning Grove pic-nic bills, have not been paid. We hope another notice will not be necessary before it is forthcoming. Shame for thus keeping a printer out of his money.

A grand picnic is to come off at Union (Whitcomb) on Saturday the 21st inst. The Union boys are just the fellows to make it win, and all may expect a glorious time. Go, every body, and enjoy the occasion.

A. B. Line, in his Blooming Grove speech, said that Judge McLean concurred in the Dred Scott decision, he did. We shall next expect to hear Seward charged with being the author of the Kansas-Nebraska Bill.

A certain pertinacious office-seeker, who followed Col. Line to Blooming Grove, a whipper-in of the handful of German's in that township, contrived to render himself contemptible by continual intermeddling, and interruptions of Mr. Cooley, while he was speaking.

Cure for Flux.

Take 4oz. of castor oil, two table spoonfuls of gum arabic pulverized, two tea spoonfuls pulverized gun kino, one teaspoonful of laudanum. Mix with one pint of warm water, shake well and take a table spoonful three times a day. This is an infallible cure and has hardly ever been known to fail in the severest cases.

The Republicans of Rush county, met in Convention on the 7th inst., and nominated the following ticket for county officers:

For Representative, Festus Hall; Treasurer, Joel F. Smith; Sheriff, Hammon Lauglin; Recorder, Alvah Stone; County Commissioner, Perry Boyce; County Surveyor, N. Shadlinger; Coroner, Roland S. Carr.

Some person entered School House No. 6, in Blooming Grove township on Wednesday night, by smashing in one of the windows, and after breaking down one of the desks, decamped. Such scoundrels should be brought to condign punishment.

The Canal is again in operation, affording our merchants and business men, the opportunity of getting their goods from Cincinnati at a reasonable rate. Our citizens begin to realize that the canal is not so bad an institution after all. But we want a Railroad to keep up with the spirit of the age.

Meers, Schritte & Reed, at their Marble Works, are receiving a very fine lot of Italian Marble, and are prepared to furnish orders for Tomb Stones and Monuments of the most beautiful styles at prices and on terms adapted to the times. Mr. J. W. Doh is the travelling agent for this house, and we would advise persons in want of such work to give him a favorable consideration.

John Doug Esq., late with Linck & Farquhar, has engaged in the mercantile business at Mt. Carmel. Success to you friend Deets.

We cannot credit out for the small sum of fifty cents. We trust the good friends of the cause will continue their efforts to extend our list of subscribers.

"Horticulturalist" will receive attention next week. The articles from this correspondent, which appear almost every week are highly interesting.

Texas Senator.—It is said that Gov. Runnels will probably appoint the Hon. Matt Ward as United States Senator from Texas, to fill the vacancy occasioned by the death of Gen. J. Pinckney Henderson. Matt Ward of Texas, it should be recollect that is not the Matt Ward of Kentucky.

Dr. Roback in Cincinnati.

The most brilliant success seem to attend the practice of this celebrated Swedish Professor since his residence in Cincinnati. The most desperate cases of dyspepsia, scrofula, liver complaint, rheumatism, and croup are reported by the sufferers themselves to have yielded to his "Scandinavian Remedies." These medicines, it appears, act chemically upon the blood purging it from the elements of disease, and curing an infinite variety of disorders, by cutting off the supply of morbid matter which forms their basis. Testimony to this effect, which cannot be impeached, is proffered to all who are hard of belief. See advertisement, p. 39.

An important item to the survivors of the late war with Mexico.

Lancaster C. H. S. C., May 20, '58.

Dr. C. M. Jackson.—Dear Sir:—After my return from Mexico, I was seriously afflicted with that terrible disease which has carried to the grave so many of my fellow soldiers, Chronic Diarrhea accompanied with Neuralgia, brought on by the climate of Mexico and the mode of living, while engaged in the war. The relief I have obtained from the use of Hoofland's German Bitters is astonishing; and I most cheerfully have, and still continue to recommend the Bitters to all who are similarly affected, believing that the benefit will result from their use will be incalculable. Very respectfully yours,
